Dear Mr. Kitzmann:

Thank you for continuing to consult with the New York State Historic Preservation Office (SHPO). We have reviewed the project in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources.

As indicated in prior correspondence, we are in receipt of the shoreline stabilization plans (100% shoreline drawings; Chazen Engineering; July 2021). Based upon the information provided, it is the SHPO's opinion that this project will have No Adverse Effect upon cultural resources in or eligible for inclusion in the State/National Register of Historic Places.

If you have any questions, please do not hesitate to contact me at andrew.farry@parks.ny.gov.

Sincerely,

Andrew Farry, Ph.D.
Scientist/Archaeology
