

Erie Canalway Impact Grants

DESCRIPTION

Erie Canalway IMPACT! Grants fund innovative ideas that help the National Heritage Corridor continue to be a great place to live, work, and play. The Erie Canalway National Heritage Corridor utilizes these awards to identify and support opportunities where funding and staff support will have a strong and positive impact on Corridor communities.

OUR MISSION

Plan for, encourage, and assist historic preservation, conservation, recreation, interpretation, tourism and community development throughout the Corridor in a manner that promotes partnerships among the Corridor's many stakeholders, and reflects, celebrates and enhances the Corridor's national significance for all to use and enjoy.

GRANTS FUND

Projects must meet at least one of the following Erie Canalway National Heritage Corridor goals. Projects that meet multiple goals will receive priority consideration.

- The Corridor's **historic and distinctive sense of place** will be widely expressed and consistently protected.
- The Corridor's **recreational opportunities** will achieve maximum scope and diversity, in harmony with the protection of heritage resources.
- The Corridor will be a “**must-do**” travel experience for regional, national and international visitors.
- The Corridor's **current and future generations of residents and visitors will value and support preservation of its heritage.**
- The Corridor's **natural resources** will reflect the highest standards of environmental quality.
- The Corridor's **economic growth** and heritage development will be balanced and self-sustaining.

ANNUAL PRIORITIES

ECNHC may, from time to time, prioritize themes or projects relevant to a current granting cycle. Examples include centennials, commemorations, and other significant activities that have a Corridor-wide impact and relevancy to the Erie Canalway Preservation & Management Plan. If a theme is being prioritized, a related question will be included on the grant application page.

For a list of the prior year's funded projects see:

GRANT ADMINISTRATION

This is a program of the **Erie Canalway National Heritage Corridor** (Erie Canalway). The Erie Canalway National Heritage Corridor's federal Commission and the Erie Canalway Heritage Fund, Inc.'s not-for-profit board work together to preserve our extraordinary heritage, to promote the Corridor as a world class tourism destination, and to foster vibrant communities connected by the waterway.

We are grateful for our partnership with New York State Canal Corporation whose additional resources allow us to raise award thresholds and fund additional projects.

MATCHING FUND REQUIREMENTS

Matching funds is the term used to describe the contribution that a grantee puts into a project. All applicants must show as part of the application a **one-to-one match** of requested grant funds (for example, a grant request of \$5,000 would require evidence of a secured match of at least \$5,000, for a total project cost of at least \$10,000).

Sources of Match

Cash Match: Cash donations, non-federal income from products or services, local government grants or appropriations, state grants or appropriations, foundation grants, corporate contributions.

In-Kind Match: donated goods, donated services including volunteer and staff* time.

The current estimated value of volunteer time is \$30.18 per hour. Annual updates to the rate can be found here: <https://independentsector.org/value-of-volunteer-time-2018/>

**Staff time: Staff time may only be used as in-kind match if the applicant is not requesting staff time as part of the grant award.*

Unacceptable match includes any federally sourced funds, project support from the New York State Canal Corporation, operating costs of the site/organization, routine repair and maintenance costs, staff & volunteer costs/time unrelated to the project.

GRANTEE RESPONSIBILITIES

Grant recipients have full responsibility for completing project activities on time and on budget. This includes administering the grant in accordance with the grant award requirements, maintaining proper documentation, and informing Erie Canalway of any significant programmatic, administrative, lead staff changes, or financial problems that may arise during the course of project implementation.

EVALUATION AND NOTIFICATION OF AWARD

This is a competitive grant program. Members of the review team and evaluation criteria remain confidential. Applicants will be notified of status by letter; and all successful applicant organizations will be posted online at www.eriecanalway.org. No information on status will be provided prior to award announcements.

Erie Canalway receives more requests than it can award. An unsuccessful application does not necessarily reflect the worthiness of a project or organization. Applicants whose requests have been declined are encouraged to contact program staff to discuss specific reasons for the declination.
