

Photos must be MAXIMUM 2MB. You can reduce the size of your photos using programs such as **Paint** (Windows) or **Preview** (Mac). We recommend that you **create a copy of your photo** first, so you don't lose the original file quality.

## I Can't Upload My Photo!

Canalway Challenge - 360 Miles Completed

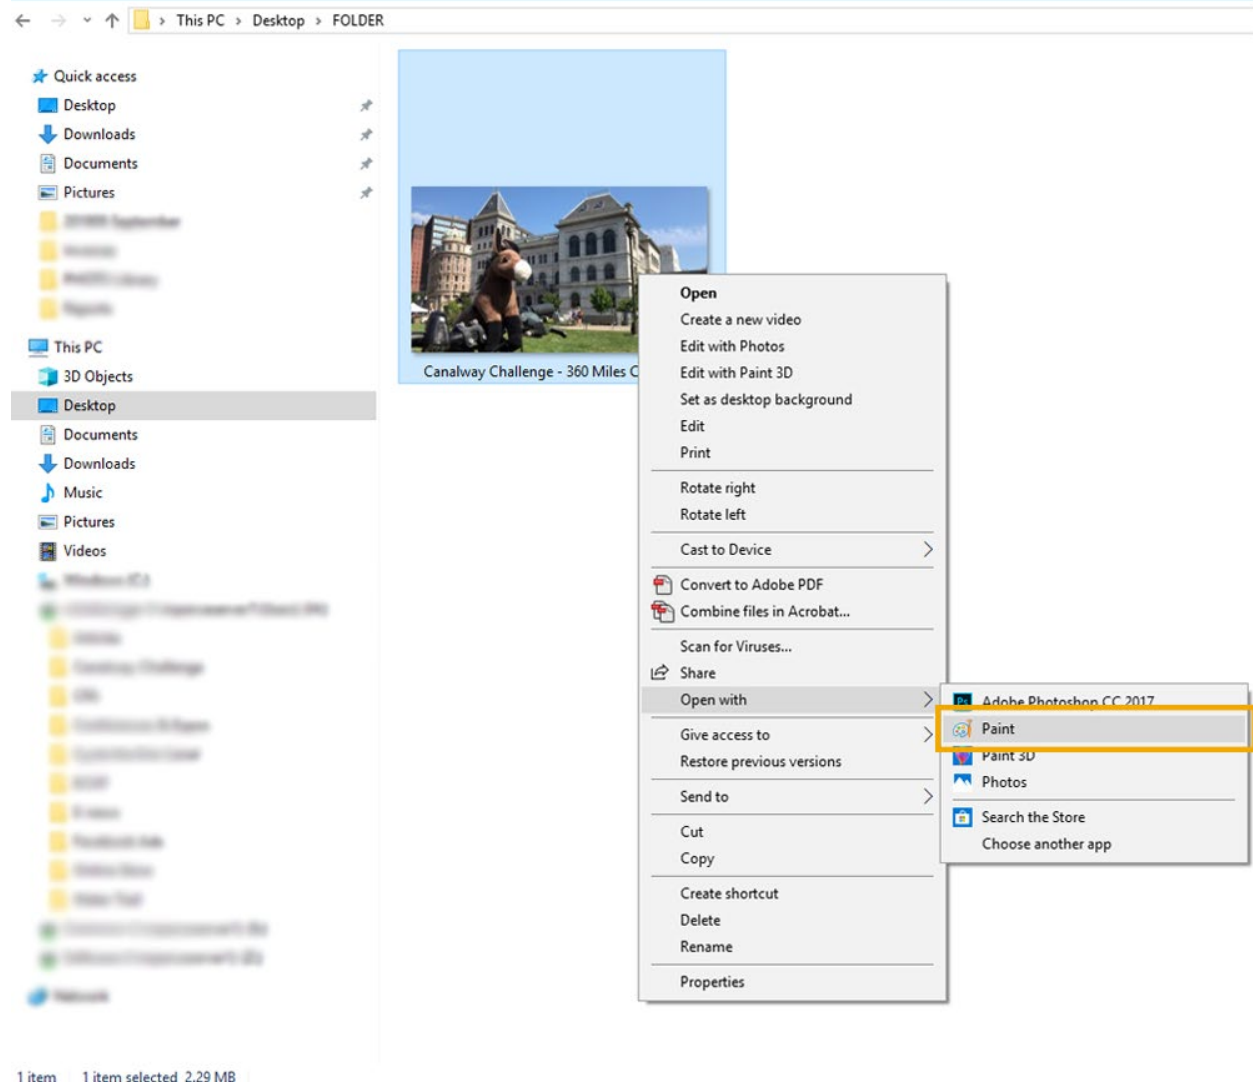

## Step 1: Open Photo in Image Editor

Right-click on the photo, select "*Open with*" and select "*Paint*."

Mac users: Simply double-click the photo to open in Preview.

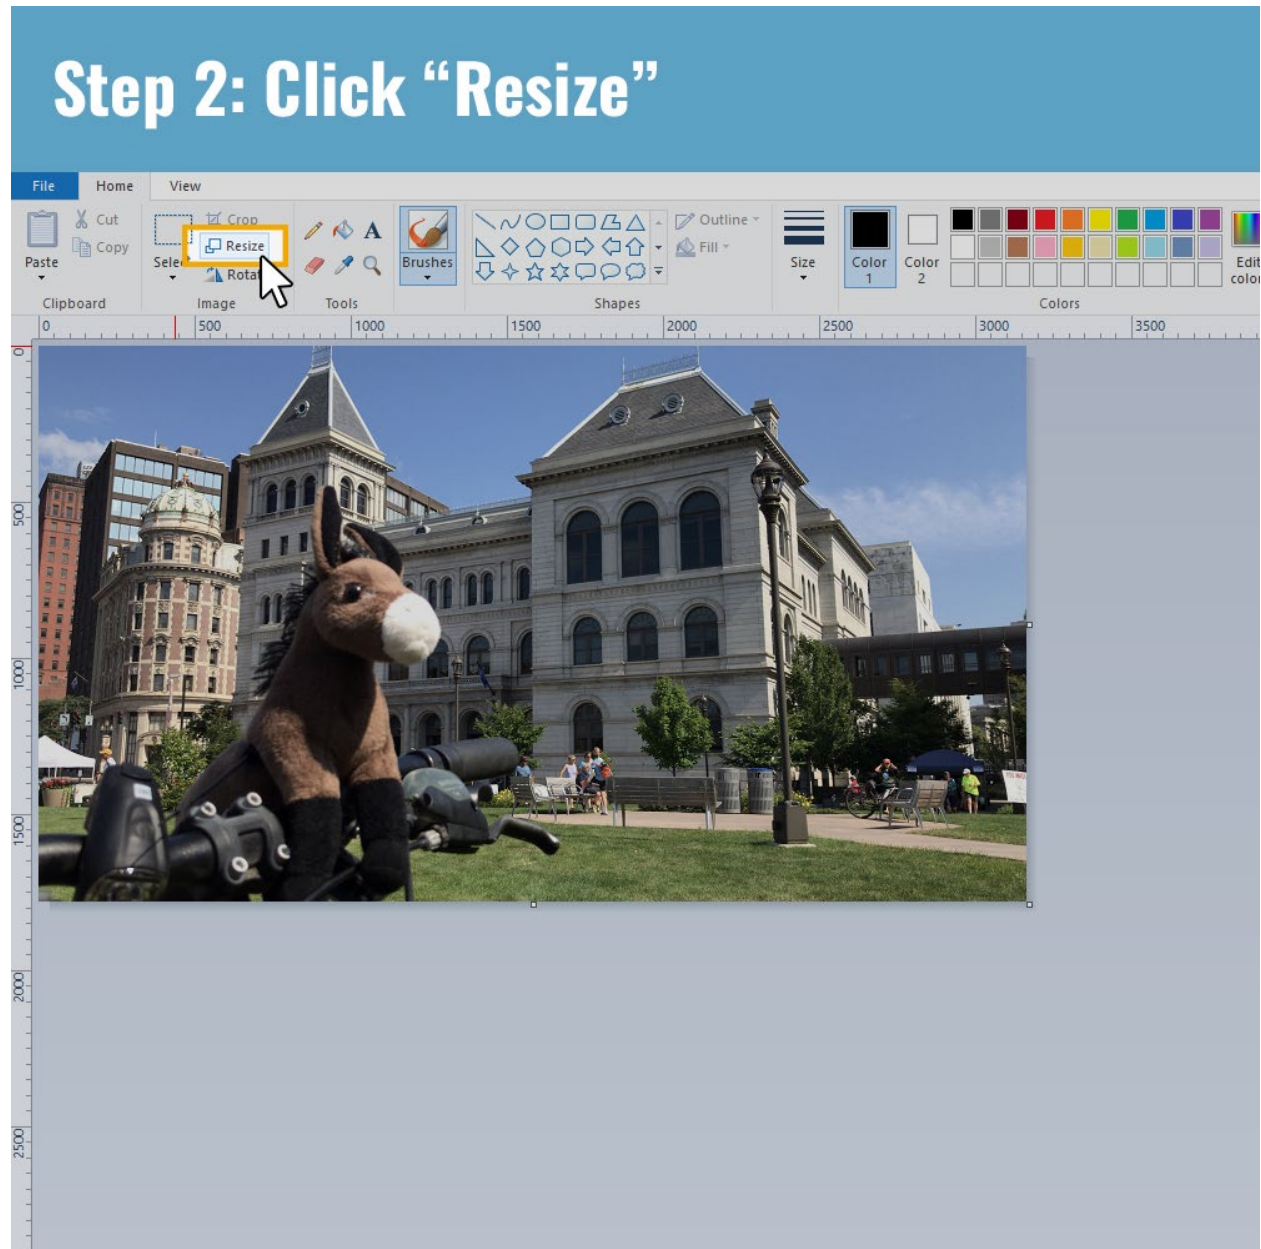

# Step 1: Open Photo in Image Editor

## Step 2: Click “Resize”

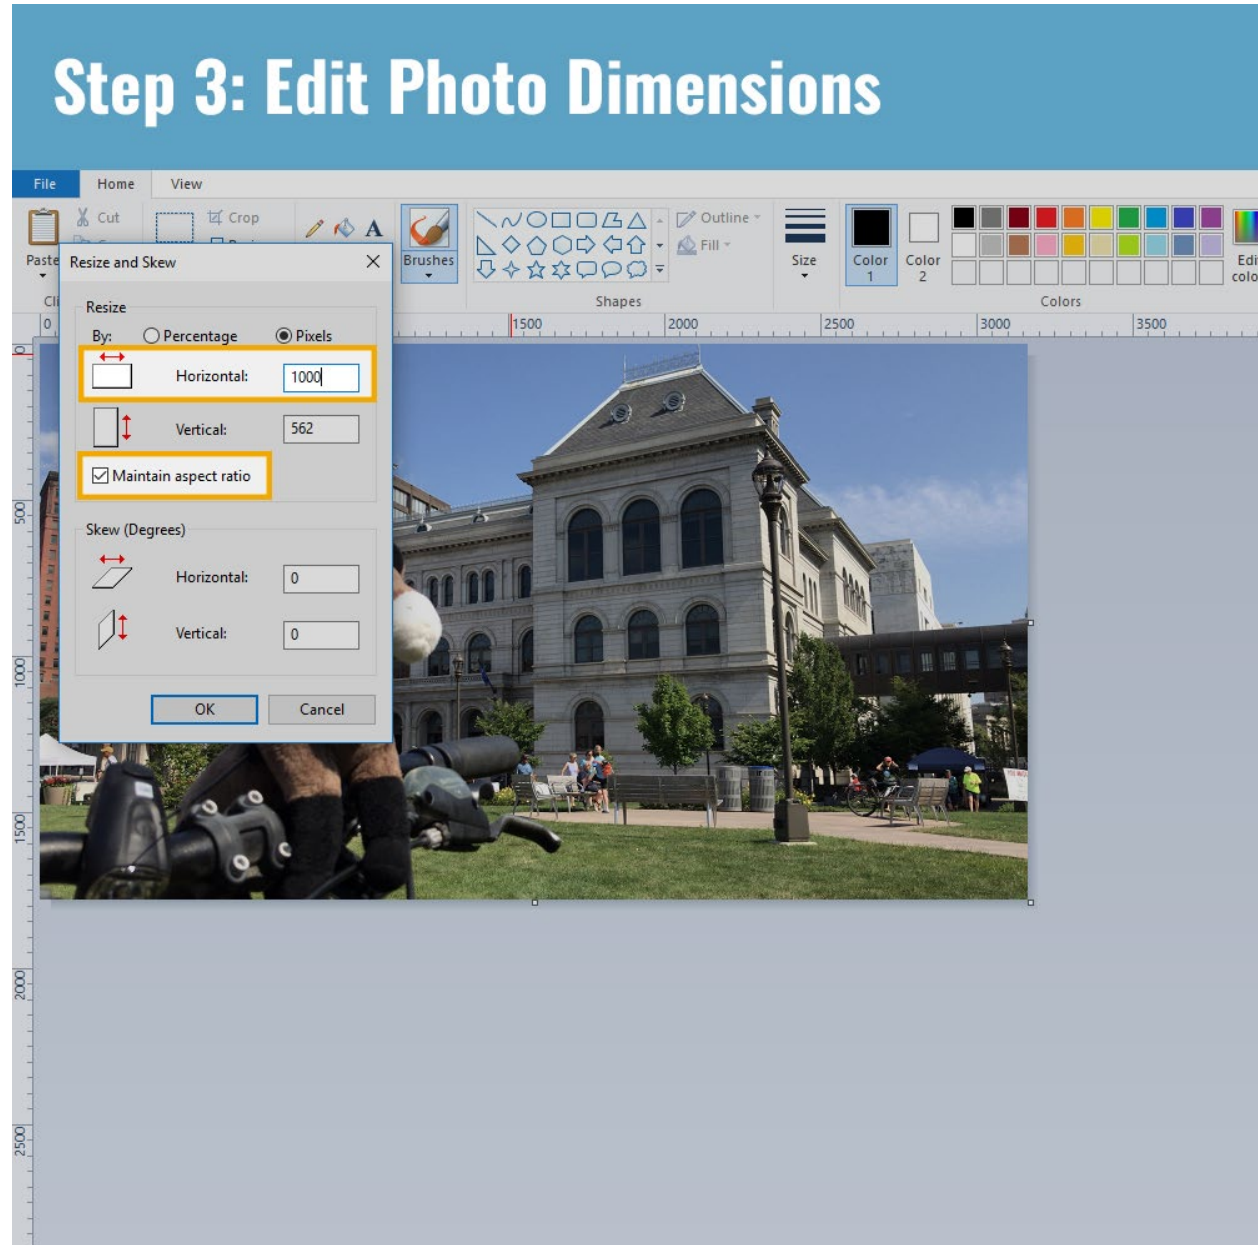

Select "Resize" tool from the top menu bar.

Mac users: In Preview, the "Adjust Size" feature will be in the *Tools* menu.

### Step 3: Edit Photo Dimensions

Make sure the "*Maintain aspect ratio*" checkbox is selected. Reduce the image's width to 1000px, the height will update automatically. Click "OK."

## Step 4: Save

Save and upload your photo finish!
