

8. **Enhancing your Images-** While you may crop or perform color correction on your images, the judging team discourages over-amplifying the color. We are looking for images that reflect the scene as it appears in reality. You may use HDR camera settings, but again, please avoid over enhancing the image.
9. **Entry Identification –** Each image must be adequately identified.
Image File Names: **PLEASE label** your photographs starting with your **Last Name, then First Name and ENTRY NUMBER** (e.g Smith_Beth_Entry1, Smith_Beth_Entry2, Smith_Beth_Entry3)

10. Image Resolution/Orientation

Digital images can be in color or black and white.

Images must be a minimum resolution of 300 DPI (dots per inch) and no smaller than 3072 x 2304 pixels (or 10.24 x 7.68 inches). Images should be in RGB color format and be submitted as JPG (at high quality) or TIFF files. Do not resample small files to fit requirements, as it will compromise the quality of the image.

Images *must be* in landscape (horizontal) orientation to fit the format of our calendar.

11. Submission Options – Submissions that do not follow these requirements may be rejected.

Email Entries: A completed entry form should be attached to an email with up to three images per photographer. Three separate emails may be needed if image file sizes are too large. If additional emails are needed, the entry form only needs to be attached to one email. All emailed entries will receive a confirmation email after the images have been matched to the completed entry form.

Disc/Flash Drive Entries: Submit entry form and digital images on one compact disc or one flash drive. A printed entry form may be included in with the mailed disc or flash drive. Discs and flash drives must contain only images submitted for the contest. The photographer's name and "Erie Canalway 2023 Photo Contest" should be written directly on the compact disc. Flash drives should have the photographer's name and "Erie Canalway 2023 Photo Contest" securely attached in the best manner possible that does not affect the flash drive's performance. All mailed entries will receive a confirmation email after the images have been matched to the completed entry form.
